The Board of Directors shall have sole discretion regarding the interpretation of this Provision.
- G. New Construction. All buildings, structures, and other improvements erected or placed on the Property shall be of new construction.

(Am 4) B. No building or structure shall be erected, placed, or altered on a Lot until the plans and specifications therefor, and a plot plan of the building site showing the location of all buildings or structures to be erected, placed or altered thereon, have been approved by the Architectural Control Committee. This approval may include requirements relating to the quality of workmanship and materials, harmony of external design with existing structures and location of buildings and structures with respect to topography and finished grade elevations. Notwithstanding any provision contained in the Complete Declaration, the Architectural Control Committee shall have the authority, subject to the approval of the Board of Directors as hereinafter specified, to approve plans and specifications which do not conform strictly with the provisions of the Complete Declaration, but which do not materially deviate from the provisions of the Complete Declaration. Any such variance approved by the Architectural Control Committee shall be submitted in writing to the Board of Directors. For the purpose of interpreting this provision, eaves, steps and open porches shall not be considered as a part of the building; provided, however, that this shall not be construed to permit any portion of a building to overhang or encroach from another building site.

HP 000-99-0589

- (Am 4) F. Without the written approval of the Architectural Control Committee, no garage or carport on any Lot shall be converted and/or used for residential purposes or human habitation, unless an additional garage or carport, which can satisfy the setback requirements of this Paragraph 3, is approved and erected. The terms of this subparagraph shall be enforceable with respect to those garages or carports constructed or altered after the effective date of this Fourth Amendment.
- (Am 4) G. The Front line of an attached or detached garage or carport shall not be nearer to the front of a Lot than fourteen feet (14') behind the closest front wall of the main residence building nor nearer to an interior property line than allowed for a garage on the said Lot. The roof of a carport shall be finished with the same material as the main residence building and if that roof is sloped or pitched, then the carport roof shall also be sloped in at least one direction. Construction shall be of substantial wood framing for the posts, beams and joists. Metal materials may be used on a carport only as decorative elements. 9. OIL AND MINING OPERATIONS:

No drilling, development, refining, quarrying, mining or prospecting for any minerals of any kind shall be permitted upon any building site, nor shall any well, tanks, tunnels, mineral excavations or shafts be permitted upon any building site. No derrick or other structure designed for use in boring for any minerals shall be erected maintained or permitted upon any building site.

10. SIGHT DISTANCE AT INTERSECTIONS:

No fence, wall, hedge, or shrub which obstructs sight lines at elevations between two (2) and six (6) feet above the street elevation shall be placed or permitted to remain on any corner lot within the triangular area formed by the streets, property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded corner, from the intersection of the street property lines extended to intersect. The same sight line limits shall apply on any building site within ten (10) feet from the intersection of a street property line with the edge of a driveway pavement. No tree shall be permitted to remain within the above sight line of each intersection unless the foliage line is maintained at sufficient height to prevent obstruction of the above sight lines.

11. EASEMENTS:

Easements for the installation, removal, replacement and maintenance of equipment of public utilities as shown on the recorded map of the subdivision are reserved herein. No building or other permanent structure shall be constructed or placed within any of the ground easements shown on the recorded map of this subdivision.

12. ENFORCEMENT:

(Am 4)

The terms and provision of the Complete Declaration shall run with and bind the land constituting the Lots, and each of the Lots, and shall inure to the benefit of and be enforceable by the Association, or the Owner of any Lot, and by their respective legal representatives, heirs, successors and assigns. The Complete Declaration may be enforced in any proceeding at law or in equity against any person or entity violating or threatening to violate any term or provision thereof, to enjoin or restrain the violation or to recover damages, and against the property to enforce any lien created by the Complete Declaration and the failure of the Association or any Owner to enforce any term or provision of the Complete Declaration shall never be deemed a waiver of the right to do so thereafter. Should any person or entity be in violation of any provision of the Complete Declaration, the Association may, after thirty (30) days from the date such person or entity receives due Notice, suspend any services the Association provides to such person or entity, or assess fines, as provided in the Complete Declaration, the By-laws, or other documents pertaining to the affairs of the Association or its members, until the matter giving rise to such Notice of violation is corrected.

13. TERM:

(Am 2)

The Complete Declaration may be amended at any time in whole or in part by an instrument executed (and duly acknowledged to entitle it to be recorded) by a majority of the then Lot owners and recorded in the Office of the County Clerk of Harris County, Texas, agreeing to change these restrictions, covenants and conditions. The Complete Declaration, as may be amended pursuant to this paragraph, shall remain in full force and effect for a term of twenty (20) years from the date this Second Amendment to the Declaration is recorded in the Office of the County Clerk of Harris County, Texas, after which time the Complete Declaration shall be extended unless and until an instrument signed by the Members entitled to cast no less than seventy percent (70%) of the aggregate of the votes of the Membership has been filed for record in the Office of the County Clerk of Harris County, Texas, agreeing to terminate the Complete Declaration. Provided, however, that this Paragraph can be amended or deleted only by an instrument signed by the Members entitled to cast no less than seventy percent of the aggregate of the votes of the Membership.

14. COVENANTS FOR MAINTENANCE ASSESSMENTS:

(Am 2)

A. Creation of the Lien and Personal Obligation of Assessments. The Declaration created an annual maintenance charge against each Lot secured by a Vendor's Lien in favor of the Association. The parties hereto for each Lot owned within the Property covenant, and each Owner of any Lot by acceptance of deed therefor, whether or not it is so expressed in such deed, is deemed to covenant and agree to pay to the Association the annual assessment or charges, such assessment to be collected as hereinafter provided. The annual assessment is a charge on the land and is secured by a continuing Vendor's Lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. The personal obligation for any delinquent assessment shall not pass to his successors in title unless expressly assumed by them, but obligation to pay such assessments shall be secured by the continuing lien referred to above.

1530-56-080 34
RP 080-99-059 1

- (Am 2) B. Purpose of Assessments. The Assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, convenience, and welfare of the Members. Such benefits may include, by way of illustration but not limitation: providing patrol or watchman service, providing and maintaining street lighting, fogging for insect control, providing garbage and rubbish pickup, enforcing the provisions contained in the Complete Declaration, employing one or more architects, engineers and attorneys, as deemed appropriate in the opinion of the Board of Directors of the Association, subject to the approval or ratification of the Members of the Association. The foregoing uses and purposes are permissive and not mandatory, and the decisions of the Board of Directors and Members of the Association shall be final as long as made in good faith and in accordance with the By-Laws of the Association.
- (Am 4) C. Annual Assessments. The Association, by action of its Board of Directors, shall levy annual assessments, in accordance with the budget presented to and approved by the Members at the annual meeting, against the Assessable Tracts to obtain funds reasonably anticipated to be needed for purposes stated in this Paragraph 14, including reasonable reserves for contingencies.
- (Am 2) D. Commencement of Annual Assessments; Due Dates. The annual assessment of each Assessable Tract for each calendar year shall be due and payable on the first day of January of said year.
- (Am 2) E. Certification. The Association shall cause to be prepared a roster of the Assessable Tracts showing the amount of each assessment, which roster shall be kept in the office of the Association and shall be open to inspection by any Member. The Association shall upon demand at any time furnish to any Member a certificate in writing signed by an officer of the Association setting forth whether there are any unpaid assessments against said Member's Lot. Such certification shall be conclusive evidence of payment of any assessment therein stated to have been paid, as to any third party who in good faith relies thereon to his economic detriment.
- (Am 4) F. Effect of Non-Payment of Assessment; Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the maximum rate allowed by law. This charge does not replace, and can be in addition to, any other remedy outlined in the Complete Declaration. Upon thirty (30) days written notice by certified mail, return receipt requested, addressed to the Lot owner in question, the Association may bring legal action against the Owner personally obligated to pay the same. Interest, costs and reasonable attorney's fees incurred in any collection activity shall be added to the amount of such assessment or charge. Each such Owner, by his acceptance of a deed to a Lot, expressly vests in the Association, or its agents, the right and power to bring all action against such Owner personally for the collection of such charges as a debt and to enforce the aforesaid lien by all methods available for the enforcement of such liens. The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all Owners. In addition to the foregoing remedies, and without limiting the Association's rights to the same, in the event of delinquency, the Association shall also have the right, upon ten (10) days written notice to the Owner, to stop all services which the Association provides to the Owner, including, without limitation, all garbage and trash-hauling services. Upon the payment of any delinquent assessment, the Association shall reinstate any services which were suspended due to such delinquency.
- (Am 2) G. Subordination of the Lien to Mortgages. The lien for the assessments provided for herein shall be subordinate to the lien of any purchase money first mortgage existing at any time upon the particular Lot involved. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to the foreclosure of a purchase money first mortgage (whether by exercise of power of sale or otherwise) or any proceeding in lieu thereof, shall extinguish the lien for such assessments as to payment which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof, but such lien shall exist as, and constitute, a separate and distinct charge and lien on each Lot.

15. INSURANCE

- (Am 2) The Association shall have authority to obtain comprehensive public liability insurance and appropriate bonding to the extent it shall deem desirable, insuring the Association, its Board of Directors, Architectural Control Committee, agents and employees from and against liability. The Association also may secure such other forms of insurance coverage as the Members may from time to time approve. All costs, charges and premiums for any insurance to be paid by the Association as hereinabove provided shall be paid out of the maintenance fund as a common expense of all owners.

16. VEHICLES

- (Am 2) Any inoperative vehicle, boat, trailer equipment or machinery stored on any Lot which is visible from the street must be removed within ten (10) days after written notice of the same from the Board.

17. Clothing Drying.

- (Am 2) No clothing or other materials shall be aired or dried on a Lot except in an area which cannot be seen from any street.

2690-66-000 11

18. Construction Times.

(Am 2) Except in an emergency or when other unusual circumstances exist, as determined by the Board of Directors of the Association, noisy outside construction work or noisy interior work shall be permitted only after 7:00 a.m. and before 8:00 p.m.

19. Antennas.

(Am 2) Without the prior written authorization of the Architectural Control Committee, no satellite dish or satellite antenna of any sort shall be placed, allowed to be placed, allowed or maintained outside a Living Unit or on the exterior of any building or the improvement located on a Lot such that the satellite dish or satellite antenna is visible from any street.

20. Duty to Maintain Property.

(Am 2) The Owner of each Lot shall maintain the same, and the improvements, trees, hedges, and plantings thereon, in a neat and attractive condition. The Association shall have the right but not the duty, after ten (10) days' written notice to the Owner of any vacant Lot (to Owner's last known mailing address), setting forth the action intended to be taken by the Association, provided at the end of such time such action has not already been taken by such vacant Lot Owner, (i) to mow the grass thereon, (ii) to remove any debris therefrom, and (iii) to trim or prune any tree, hedge, or planting that, in the opinion of the Association, by reason of its location or height, or the manner in which it has been permitted to grow, is detrimental to the health of an Owner of any adjoining Lot or enjoyment of an adjoining Lot, is unattractive in appearance, or is in violation of Paragraph 10 above. The Owner of such vacant Lot at the time such work is performed by the Association shall be personally obligated to reimburse the Association for the cost of such work within ten (10) days after it is performed by the Association, and if such amount is not paid within said period of time, such Owner shall be obligated thereafter to pay interest thereon at the highest rate permitted by Texas law, and to pay any attorney's fees and court costs incurred by the Association in collecting said obligation, and all of the same shall be secured by a lien on such Owner's vacant Lot.

21. Driveways.

(Am 2) The Owner of each Lot shall construct and maintain at his expense a driveway from his garage or carport to an abutting street, including the portion in the street easement.

22. General Provisions.

(Am 2) A. Incorporation. The terms and provision of the Complete Declaration shall be construed as being adopted in each and every contract, deed, or conveyance hereafter executed by any Owner conveying all or any part of the land in the Property, whether or not referred to therein, and all estates conveyed therein and warranties of title contained therein shall be subject to the terms and provisions of the Complete Declaration.

B. Severability. Invalidation of any term or provision of the Complete Declaration by judgment or otherwise shall not affect any other term or provision of the Complete Declaration, and the Complete Declaration shall remain in full force and effect except as to any terms and provisions which are invalidated.

C. Gender and Grammar. The singular wherever used herein shall be construed to mean or include the plural when applicable, and the necessary grammatical changes required to make the provisions thereof apply either to corporation (or other entities) or individuals, male or female, shall in all cases be assumed as though in each case fully expressed.

D. Titles. The titles of the Complete Declaration and of the paragraphs contained herein are for convenience only and shall not be used to construe, interpret, or limit the meaning of any terms or provision contained in the Complete Declaration.

E. Successors in Title. The terms and provisions of the Complete Declaration shall apply to, be binding upon, and inure to the benefit of the Owners and the Association and their respective successors and assigns.

F. Legal Rules of Interpretation. It is stipulated that, in the event of litigation to enforce the terms and provisions contained in the Complete Declaration, said terms and provisions shall be liberally construed and any ambiguity contained herein shall be resolved in favor of the party seeking the enforcement of the Complete Declaration. It is stipulated that in the event this Second Amendment to the Declaration is set aside, invalidated or held unenforceable, the original Declaration and First Amendment to the Declaration shall be deemed to remain in full force and effect as the original Declaration and First Amendment to the Declaration are not abandoned.

G. Ratification. The Property is subject to that certain Declaration and first Amendment to the Declaration. This Second Amendment to the Declaration is made to amend and extend such Declaration and First Amendment to the Declaration. The original Declaration, as amended herein, is hereby ratified, adopted and confirmed.

KNOW ALL PERSONS BY THESE PRESENTS:

COUNTY OF HARRIS

§

§

WHEREAS, Briarbend Community Improvement Association (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Deed Restrictions for the Briarbend Subdivision (hereafter collectively referred to as the "Deed Restrictions"); and

WHEREAS, Chapter 209 of the Texas Property Code was amended effective January 1, 2012, to add Section 209.0062 ("Section 209.0062") thereto regarding alternative payment schedules for assessments ("Payment Plans"); and

WHEREAS, the Board of Directors of the Association ("Board") desires to establish a policy for Payment Plans consistent with Section 209.0062 and to provide clear and definitive guidance to owners.

NOW, THEREFORE, the Board has duly adopted the following *Payment Plan Policy*.

1. Subject to Section 12 below, owners are entitled to make partial payments for delinquent amounts owed to the Association under a Payment Plan in compliance with this Policy.
2. Late fees, penalties and delinquent collection related fees will be not be added to the owner's account while the Payment Plan is active. The Association may impose a fee for administering a Payment Plan. Such fee, if any, will be listed on the Payment Plan form and may change from time-to-time. Interest will continue to accrue during a Payment Plan as allowed under the Deed Restrictions. The Association can provide an estimate of the amount of interest that will accrue under any proposed plan.
3. All Payment Plans must be in writing on the form provided by the Association and signed by the owner.
4. The Payment Plan becomes effective and is designated as "active" upon:
 - a. receipt of a fully completed and signed Payment Plan form; and
 - b. receipt of the first payment under the plan; and
 - c. acceptance by the Association as compliant with this Policy.
5. A Payment Plan may be as short as three (3) months and as long as eighteen (18) months based on the guidelines below. The durations listed below are provided as guidelines to assist owners in submitting a Payment Plan.
 - a. Total balance up to 2 times annual assessment ... up to 6 months
 - b. Total balance up to 3 times annual assessment ... up to 12 months
 - c. Total balance greater than 3 times annual assessment ... up to 18 months

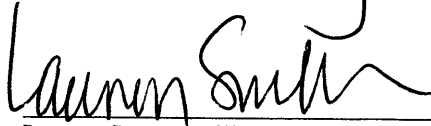

6. On a case-by-case basis and upon request of the owner, the Board may approve more than one Payment Plan to be executed in sequence to assist the owner in paying the amount owed. The individual Payment Plans may not exceed eighteen (18) months.
7. A Payment Plan must include sequential monthly payments. The total of all proposed payments must equal the current balance plus Payment Plan administrative fees, if any, plus the estimated accrued interest.
8. If an owner requests a Payment Plan that will extend into the next assessment cycle, the owner will be required to pay future assessments by the due date in addition to the payments specified in the Payment Plan.
9. If an owner defaults on the terms of the Payment Plan, the Payment Plan will be voided. The Association will provide written notice to the owner that the Payment Plan has been voided. It is considered a default of the Payment Plan, if the owner:
 - a. fails to return a signed Payment Plan form with the initial payment; or
 - b. misses a payment due in a calendar month; or
 - c. makes a payment for less than the agreed upon amount; or
 - d. fails to pay a future assessment by the due date in a Payment Plan which spans additional assessment cycles.

In the absolute discretion of the Association, the Association may waive default under item b, c or d above if the owner makes up the missed or short payment on the immediate next calendar month payment. The Association may, but has no obligation to, provide a courtesy notice to the owner of the missed or short payment.

10. On a case-by-case basis, the Association may agree, but has no obligation, to reinstate a voided Payment Plan once during the original duration of the Payment Plan if all missed payments are made up at the time the owner submits a written request for reinstatement.
11. If a Payment Plan is voided, the full amount due by the owner shall immediately become due. The Association will resume the process for collecting amounts owed using all remedies available under the Deed Restrictions and the law.
12. The Association has no obligation to accept a Payment Plan from any owner who has defaulted on the terms of a Payment Plan within the last two (2) years.

This Policy is effective upon recordation in the Public Records of Harris County, and supersedes any policy regarding alternative payment schedules which may have previously been in effect. Except as affected by Section 209.0062 and/or by this Policy, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.

If a request is made to inspect Records and certain Records are maintained in electronic format, the owner or their proxy will be given access to equipment to view *the electronic records*. *Association shall not be required to transfer such electronic records to paper format unless the owner or their proxy agrees to pay the cost of producing such copies.*

 9. On a case-by-case basis, in the absolute discretion of the Association, and with concurrence of the owner, the Association may agree to invoice the cost of the Records request to the owner's account. Owner agrees to pay the total amount invoiced within thirty (30) days after the date a statement is mailed to the Owner. Any unpaid balance will accrue interest as an assessment as allowed under the Deed Restrictions.

BRIARBEND COMMUNITY IMPROVEMENT ASSOCIATION
GUIDELINES FOR DISPLAY OF FLAGS

STATE OF TEXAS

§

KNOW ALL PERSONS BY THESE PRESENTS:

COUNTY OF HARRIS

§

§

WHEREAS, Briarbend Community Improvement Association (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Deed Restrictions for the Briarbend Subdivision (hereafter collectively referred to as the "Deed Restrictions"); and

WHEREAS, Chapter 202 of the Texas Property Code was amended effective June 17, 2011, to add Section 202.011 ("Section 202.011") thereto regarding the display of flags; and

WHEREAS, the Board of Directors of the Association (the "Board") has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding the display of flags therein, it is appropriate for the Association to adopt guidelines regarding the display of flags.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Display of Flags* within the community.

1. These Guidelines apply to the display of ("Permitted Flags"):
 - 1.1. the flag of the United States; and
 - 1.2. the flag of the State of Texas; and
 - 1.3. the official flag of any branch of the United States armed forces.
2. These Guidelines do not apply to any flags other than the Permitted Flags listed in Section 1 above including, but not limited to:
 - 2.1. flags for schools, sports teams, businesses or foreign countries; or
 - 2.2. flags with marketing, seasonal, historical, commemorative, nautical, political or religious themes; or
 - 2.3. historical versions of flags permitted in Section 1 above.
3. Permitted Flags may be displayed subject to these guidelines. Advance written approval of the Architectural Control Committee is required for any free-standing flagpole and any additional illumination associated with the display of Permitted Flags.
4. Permitted Flags must be displayed in a respectful manner in accordance with the current relevant federal, state or military code.
5. Permitted Flags must be displayed from a pole attached to a structure or to a free-standing pole. Permitted Flags may not be draped over or directly attached to structures. For example, a Permitted Flag may not be laid across a fence or stapled to a garage door.
6. Permitted Flags shall be no larger than three foot (3') by five foot (5') in size.

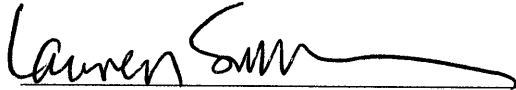

2011-08-09 11:00:00 AM

7. Only one Permitted Flag may be displayed on a flagpole attached to a structure. Up to two Permitted Flags may be displayed on an approved free-standing flagpole that is at least fourteen feet (14') tall.
8. Flagpoles must be constructed of permanent, long-lasting materials with an appropriate finish that is harmonious with the dwelling.
9. A flagpole attached to a structure may be up to six feet (6') long and must be securely attached with a bracket with an angle of 30 to 45 degrees down from vertical. The flagpole must be attached in such a manner as to not damage the structure. One attached flagpole is allowed on any portion of a structure facing a street and one attached flagpole is allowed on the rear or backyard portion of a structure. Brackets which accommodate multiple flagpoles are not allowed.
10. Free-standing flagpoles may be up to twenty feet (20') tall, including any ornamental caps. Free-standing flagpoles must be permanently installed in the ground according to manufacturer's instructions. One free-standing flagpole is allowed in the portion of the owner's property between the main residential dwelling and any street and one free-standing flagpole is allowed in the rear or backyard portion of a property.
11. Free-standing flagpoles may not be installed in any location described below:
 - 11.1. in any location other than the Owner's property; or
 - 11.2. within a ground utility easement or encroaching into an aerial easement; or
 - 11.3. beyond the side or rear setback lines (for example, on a lot with a 10' side setback line, a flagpole may not be installed closer than 10' from the side property line); or
 - 11.4. beyond half the distance of the front setback line (for example, on a lot with a 30' front setback line, a flagpole may not be installed closer than 15' from the front property line); or
 - 11.5. closer to a dwelling on an adjacent lot than the height of the flagpole (for example, a 20' flagpole cannot be installed closer than 20' from an adjacent house).
12. Lighting may be installed to illuminate Permitted Flags if they will be displayed at night and if existing ambient lighting does not provide proper illumination. Flag lighting must:
 - 12.1. be ground mounted in the vicinity of the flag; and
 - 12.2. utilize a fixture that screens the bulb and directs light in the intended direction with minimal spillover; and
 - 12.3. point towards the flag and face the main structure on the property or to the center of the property if there is no structure; and
 - 12.4. provide illumination not to exceed the equivalent of a 60 watt incandescent bulb.
13. Flagpoles must not generate unreasonable noise levels which would disturb the quiet enjoyment of other residents. Each flagpole owner should take steps to reduce noise levels by using vinyl or plastic snap hooks, installing snap hook covers or securing a loose halyard (rope) around the flagpole with a flagpole clasp.

- 14. Flagpoles are allowed solely for the purpose of displaying Permitted Flags. If a flagpole is no longer used on a daily basis, it must be removed.
- 15. All flags and flagpoles must be maintained in good condition. Deteriorated flags must be removed and promptly replaced. Deteriorated or structurally unsafe flagpoles must be promptly repaired, replaced or removed.

The guidelines are effective upon recordation in the Public Records of Harris County, and supersede any guidelines for display of flags which may have previously been in effect. Except as affected by Section 202.007(d) and/or by these guidelines, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, Briarbend Community Improvement Association (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Deed Restrictions for the Briarbend Subdivision (hereafter collectively referred to as the "Deed Restrictions"); and

WHEREAS, Chapter 202 of the Texas Property Code was amended effective September 1, 2011, to amend Section 202.007(d) ("Section 202.007") thereto dealing with rain barrels and rainwater harvesting systems (referred to collectively as "Rainwater Recovery Systems" or "Systems"); and

WHEREAS, the Board of Directors of the Association (the "Board") has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding the installation and maintenance of Rainwater Recovery Systems therein, it is appropriate for the Association to adopt guidelines regarding Rainwater Recovery Systems.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Rainwater Recovery Systems* within the community.

1. Rainwater Recovery Systems may be installed with advance written approval of the Architectural Control Committee subject to these guidelines.
2. All such Systems must be installed on land owned by the property owner. No portion of the Systems may encroach on adjacent properties or common areas.
3. Other than gutters and downspouts conventionally attached to a dwelling or appurtenant structure, all components of the Systems, such as tanks, barrels, filters, pumps, motors, pressure tanks, pipes and hoses, must be substantially screened from public view from any street or common area. Screening may be accomplished by:
 - a. placement behind a solid fence, a structure or vegetation; or
 - b. by burying the tanks or barrels; or
 - c. by placing equipment in an outbuilding otherwise approved by the Architectural Control Committee.
4. A rain barrel may be placed in a location visible from public view from any street or common area only if the configuration of the guttering system on the structure precludes screening as described above with the following restrictions:
 - a. the barrel must not exceed 55 gallons; and
 - b. the barrel must be installed in close proximity to the structure on a level base with the guttering downspout leading directly to the barrel inlet at a substantially vertical angle; and
 - c. the barrel must be fully painted in a single color to blend with the adjacent home or vegetation; and
 - d. any hose attached to the barrel discharge must be neatly coiled and stored behind or beside the rain barrel in the least visible position when not in use.

5. Overflow lines from the Systems must not be directed onto or adversely affect adjacent properties or common areas.
6. Inlets, ports, vents and other openings must be sealed or protected with mesh to prevent children, animals and debris from entering the barrels, tanks or other storage devices. Open top storage containers are not allowed, however, where space allows and where appropriate, Architectural Control Committee approved ponds may be used for water storage.
7. Harvested water must be used and not allowed to become stagnant or a threat to health.
8. All Systems must be maintained in good repair. Unused Systems should be drained and disconnected from the gutters. Any unused Systems in public view must be removed from public view from any street or common area.

The guidelines are effective upon recordation in the Public Records of Harris County, and supersede any guidelines for rainwater recovery systems which may have previously been in effect. Except as affected by Section 202.007 and/or by these guidelines, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.

BRIARBEND COMMUNITY IMPROVEMENT ASSOCIATION
GUIDELINES FOR SOLAR ENERGY DEVICES

STATE OF TEXAS

§

KNOW ALL PERSONS BY THESE PRESENTS:

COUNTY OF HARRIS

§

§

WHEREAS, Briarbend Community Improvement Association (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Deed Restrictions for the Briarbend Subdivision (hereafter collectively referred to as the "Deed Restrictions"); and

WHEREAS, Chapter 202 of the Texas Property Code was amended effective June 17, 2011, to add Section 202.010 ("Section 202.010") thereto dealing with the regulation of solar energy devices; and

WHEREAS, the Board of Directors of the Association (the "Board") has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding solar energy devices therein, it is appropriate for the Association to adopt guidelines regarding solar energy devices within the community.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Solar Energy Devices* within the community.

1. These guidelines apply to solar energy devices ("Devices") as defined in Section 171.107(a) of the Texas Tax Code. A solar energy device means a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power by collecting and transferring solar-generated energy. The term includes a mechanical or chemical device that has the ability to store solar-generated energy for use in heating or cooling or in the production of power.
2. Such Devices may only be installed with advance written approval of the Architectural Control Committee subject to these guidelines.
3. Any such Device must be installed on land or structures owned by the property owner. No portion of the Devices may encroach on adjacent properties or common areas.
4. Such Devices may only be installed in the following locations:
 - a. on the roof of the main residential dwelling; or
 - b. on the roof of any other approved structure; or
 - c. within a fenced yard or patio.
5. For Devices mounted on a roof, the Device must:
 - a. have no portion of the Device higher than the roof section to which it is attached; and
 - b. have no portion of the Device extend beyond the perimeter boundary of the roof section to which it is attached; and
 - c. conform to the slope of the roof; and

11 000 99 06 15

- d. be aligned so the top edge of the Device is parallel to the roof ridge line for the roof section to which it is attached; and
 - e. have a frame, brackets and visible piping or wiring that is a color to match the roof shingles or a silver, bronze or black tone commonly available in the marketplace; and
 - f. be located in a position on the roof which is least visible from any street or common area, so long as such location does not reduce estimated annual energy production more than 10% over alternative roof locations (as determined by a publically available modeling tool provided by the National Renewable Energy Laboratory [www.nrel.gov] or equivalent entity).
6. For Devices located in a fenced yard or patio, no portion of the Device may extend above the top of the fence. If the fence is not a solid fence which blocks view of the Device, the Association may require the Device be placed in a location behind a structure or otherwise require visual screening. The Association may consider installation of Devices on properties without a fenced yard if there is adequate screening from public view from any street or common area.
 7. All Devices must be installed in compliance with manufacturer's instruction and in a manner which does not void material warranties. Licensed craftsmen must be used where required by law. Permits must be obtained where required by law.
 8. Installed Devices may not:
 - a. threaten public health or safety; or
 - b. violate any law; or
 - c. substantially interfere with the use and enjoyment of land by causing unreasonable discomfort or annoyance to any adjoining property owner.
 9. All Devices must be maintained in good repair. Unused or inoperable Devices must be removed.

The guidelines are effective upon recordation in the Public Records of Harris County, and supersede any guidelines for solar energy devices which may have previously been in effect. Except as affected by Section 202.010 and/or by these guidelines, all other provisions contained in the Deed Restrictions or any other dedicatory instruments of the Association shall remain in full force and effect.
